THE DAFFODIL MART

G. W. HEATH

(Grower of Fine Bulbs for 40 years)

NUTTALL, GLOUCESTER, VIRGINIA

LATE SEASON REDUCTIONS

The varieties listed below are such fine prolific growers we find ourselves with greatly increased stocks which we are happy to be able to share with you at reduced prices. All are excellent cut flowers, many are fine show varieties, and all are good growers, they last long in the garden or house and can take in their stride almost anything Mother nature chooses to deal out, and they are not subject to basal rot. These are fine DOUBLE-NOSED bulbs, as are all offered herein (unless otherwise specified).

The Division to which the variety belongs is indicated by the figures preceding its name: Relative blooming period in parenthesis following, (1) being the earliest to bloom and (14) the latest.

May we urge you to give your PINKS, RED CUPS and DOUBLES special consideration by planting them in shade, or at least semi-shade, also to pick all these (except the doubles) as soon as the bud has burst its sheath.

If interested in quantity prices on other varieties see pages and

9-1 Actaea (9) --Late and one of the best of its kind for garden and show, it has a broad, overlapping, crystal-white perianth and its small, gold cup is margined in deepest red.....	ea. 10
10 Albus Plenus Odoratus (14) --Preferring shade, this very late double is spicily scented, pure white and satin subenced and is splendid for garden or naturalizing.....	.15
3a-2 APRICOT DISTINCTION (9) --One of our most popular novelties and a show variety with an exquisite flush of roseate hue flowing from its very red cup onto its peachy petals.....	.75
2a-2 Armada (6) --A stunning, large and substantial early bird with yellow perianth and wide spread, vivid red crown.....	1.00
3b-2 Blamey (8) --The petals of this exhibition type are satin smooth and its interesting flat salmon crown is primrose edged.....	.75
1a-1 Burg. Gouverneur (6) --Large, latish, brightly golden, and tall stemmed, this is a splendid specimen for show or garden.....	.25
2a-2 California Gold (7) --A smooth circular perianth of deep yellow surrounds a well proportioned, dark, orange-red cup in this bloom of great size.....	.30
7b-4 Cherie (8) --A heavenly variety with two to three dainty white blooms, their small cups suffused a pale pink; entrancing for garden, fine for show.....	.30
1a-1 Dungiven (9) --A fine, late, and prolific garden or Show flower of clear gold, with splendid substance, stem and shape.....	.30
7a-1 Golden Sceptre (6) --This medium sized bloom of brightest sunshine shade is wonderful for garden planting and multiplies most rapidly.....	.15
3b-2 Hardy (10) --A Blue Ribbon winner, with a semi-double, short, frilled red crown and a handsome, velvety-textured white perianth.....	.20
2b-2 Kilworth (9) --An outstanding, all purpose red and white with a touch of green in its center. This is a highly recommended variety, in fact we consider it tops.....	.25

3b-2 Limerick (10) --For exhibition and garden, this stunning bloom with a large and absolutely flat cup of cherry red, has velvety white petals..... .45
3b-2 Mahmoud (9) --Of show form and splendid substance, its almost flat crown is a bright ruby red and it is a prolific grower on a good stem..... .40
8-4 Martha Washington (9) --One of the finest poetaz, it has an unusually tall stem and the largest white-petalled, orange-cupped blooms in this division..... .25
10 Odorus Plenus (4) --Formerly listed as Campernelle plenus, this early, fragrant double variety has several double blooms per stem..... .15
2a-2 Orange Frilled (6) --A bright, deep orange, and very frilled orange cup, fine golden petals and a good strong stem, make this a most desirable and showy garden subject..... .30
7b-2 Orange Queen (6) --A real orange jewel, several blooms per stem, fine for garden or naturalizing..... .15
5b Pearly Queen (9) --A most unusual yellow and white triandrus..... .20
1a-1 Peerless Gold (7) --Aptly named, it blooms several weeks after King Alfred has faded and is considerably larger, its golden beauty a striking adornment for the garden..... .30
3c-1 Portrush (11) --Judged by many as one of the finest exhibition types, it is tall stemmed, has fine white perianth and small cup, brightly green-eyed and is rather large..... .60
10 Recurvus (13) --Not the largest, but the latest Poeticus - white petals, tiny red-rimmed cup - a joy for the flower bed and a marvel for naturalizing..... .10
8 Red Guard (9) --One to three largish blooms in this unique beauty with a bright blush from the red cups staining the golden petals, several blooms per tall stem. Others having this same unusual coloring are Apricot Distinction, Blush Queen and Rouge..... .20
3b-2 St. Louis (9) --This perfectly formed and large flower had velvety white petals and a flat gold cup, scarlet-edged; recommended highly for show or garden..... .20
2a-1 Velveteen (7) --This tall, splendid, well-tailored bloom is brightly golden and beautifully balanced and is an all purpose type..... .30

QUANTITY PRICES ON OUTSTANDING VARIETIES

We are not describing these listed below as they are generally well known and include many of the best varieties for show and garden - however will gladly supply descriptions upon request. For a more complete list of the varieties we raise, suggest you send for our BLUE LIST of Prices.

Note: The Division to which the variety belongs is indicated by the figures preceding its name; relative blooming period in parenthesis following. Prices are for lots of 6-12-50, no orders accepted for less than 6 each at these prices and PLEASE remember, no orders accepted for less than \$5.00 - include .50 for handling East of Mississippi, \$1.00 West.

MIXTURES

SPECIAL NOVELTY - An unexcelled mixture containing over 500 of the truly distinctive varieties we grow. By the law of averages you should get from 40 to 50 and could get as high as 100 varieties per 100 bulbs. Planted in a cutting bed they will give ample and diversified blooms for the home over a long period each spring. Each year we discard around 100 varieties to make room for new comers. These discards are added to this NOVELTY MIXTURE which is in a class by itself for those not interested in named varieties, and yet who desire fine and unusual flowers over an extended period each spring.

100 bulbs for \$8.00

SUPER NOVELTY - Guaranteed to contain 1 bulb each of 100 Novelty types.

100 bulbs for \$12.50

NATURALIZING - Only varieties which are adaptable to compete with nature in the wild stage.

All colors.....100 bulbs for \$6.00

White only.....100 bulbs for 7.00

Yellow only.....100 bulbs for 6.00

ROCKERY MIXTURE - Small types suitable for a Rock Garden. 12 bulbs for \$1.25 - 100 bulbs for \$10.00

Note: See Page for NATURALIZING MIXTURES by the Bushel.

COLLECTIONS

NO. 1 - OUR GARDEN GALAXY - \$10.00

45 bulbs - 3 each of 15 fine varieties

Div.	Variety	Div.	Variety
1a-1	King Albert	2b-2	Dick Wellband
1b-1	Music Hall	2b-3	Mrs. R. O. Backhouse
1c-2	Mount Hood	4-4	Cheerfulness
1c-2	Ada Finch	4-2	Twink
2a-1	Carlton	5a-4	Thalia
2a-2	Fortune	7b-1	Trevithian
2a-2	Tinker	8-4	Geranium
9-1 Actaea			

NO. 2 - WONDERFUL WHITES - \$10.00

A long season of varied sizes and shapes
A Gorgeous Gift

40 bulbs - 4 each of 10 varieties

2b-1 Brunswick (6) - A reliable and early garden type with creamy crown and clear white petals.

3b-2 Angeline (7) - Etherially lovely with an exquisite hairline edge of bright copper on its frilly citron cup and a well formed snowy perianth.

3c-2 April Showers (7) - A large but little known beauty - tall stemmed and long lasting with clear white petals and small creamy cup.

1c-1 Beersheba (7) - No garden complete without this graceful white trumpet.

7b-3 Cheyenne (9) - This white jonquil is free flowering and fine for show or garden; its fragrant, tall stemmed blooms have flaring ivory crowns.

5a-4 Thalia (8) - This reliable grower is orchid-like and has several pure white trumpet-like blooms per stalk.

5b-3 Silver Chimes (9) - More like a member of the Poetaz group, its largish numerous blooms are primrose cupped, white petalled, beauteous and exquisitely fragrant.

4-4 Mrs. William Copeland (9) - About the most popular double for exhibiting and a must for arrangements, its petals are pure white and pointed with a few short creamy ones for contrast.

2c-2 White Butterfly (10) - A sensation for garden or show, large and tall, its flattish white cup is irregular and green-edged as well as brightly green-eyed, and its petals are brightly white. (also known as Papillion Blanche)

3c-1 Polar Ice (11) - A treasure for its glacier whiteness, its small snowy cup has a very vivid green-eye; a most prolific grower and fine show flower.

NO. 3 - GIFT COLLECTION - \$10.00

A Complete Garden - 75 bulbs

6 yellow - 6 white - 6 red-cupped daffodils

6 white - 6 purple - 6 red tulips

12 blue scilla - 12 mixed crocus

15 mixed Dutch Iris.

These are all top sized bulbs of finest quality - are clearly marked and planting instructions are included when requested.

NO. 4 - MINIATURE COLLECTION - \$5.00

36 bulbs - 6 each of 6 varieties

- 10 - Angel's Tears** - This 4-inch mid-season midget is heart breakingly lovely, with several sharply reflexed, creamy blooms per stem.
- 10 - Bulbocodium Conspicuum** - The famous "Hoop-Petticoat", blooming at seasons height, it has a remarkable bell shaped pale yellow crown and lighter, spiky petals.
- 10 - Joncolor** - This is Angel's Tears in a bright yellow gown.
- 10 - Jonquilla Simplex** - The original jonquil and the darling of them all, this mid-season bloom is heavenly scented and has several small deep golden blooms on its 8 inch stem.
- 10 - Minimus** - Braving the winter's cold, this earliest and smallest golden trumpet has twisted paler petals and is at the most 3 inches tall.
- 10 - Wateiri** - A late and incredible white midget, star shaped with a bright green eye.

Note: Round bulbs are supplied in most cases in the miniature types. For those who order miniatures and so wish we can ship them shortly after Sept. 1st., so they may be planted EARLY, which, especially in the North is absolutely essential. If they get a good root growth before the severe cold they will not freeze. Also a word of advice, do not plant over an inch and a half deep at the most, they haven't the strength to push through heavy deep soil, however in the North be sure to mulch well. We have had excellent results from planting in pots thus eliminating the chance of losing these tiny fellows, and we are charmed with those we have planted in the pockets at the base of tree trunks where they have a natural protection against winds and weeds, get plenty of early spring sun, enough moisture and sufficient food.

NEWER NOVELTIES

Thanks to a superb, long, cool and damp Spring, the great diversity of our own bulbs, and the generosity of such growers as W. J. Dunlop, M. Jefferson-Brown, Grant Mitsch, M. vanWaveren & Sons, C. G. vanTubergen and Warnaar & Co., our DISPLAY GARDEN was singularly successful this year. We are so encouraged, that, although we may never have another such spring, we plan to greatly enlarge the garden and look forward to giving pleasure to many more people in the spring of 1962. Those varieties which excited the most comment from our visitors were too numerous to list but included; Arctic Doric, Castlecoole, Bonneville, China Pink Festivity, Entrancement, Foxhunter, Green Hills, Lemon Doric, Lunar Moth, Lingering Light, Matlock, Rose Ribbon and Stromboli, as well as the better known but

also stunning, Eddy Canzoni, Barbett Browning, Glen-gormley, Pink Isle, Philaetus, Lough Erne and Red Idol. Most of these are listed in our current Blue List and may be gotten this year if ordered at once, as the supply is limited. Besides the many large Naturalized drifts of Daffodils our visitors also enjoyed many of the other Spring bulbs ranging from early Iris Reticulata to the late Tulips, many of which are listed herein. Our blooming season spanned the period between March 4th., and May 14th. and we are happy to say this ideal blooming spring also produced about the finest, large, healthy bulbs in our many years of growing.

BUSHEL BARGAINS

Bushel Specials

- #1 - All Season - Postpaid \$20.00 (East of Miss.)
1 peck each of 4 named and decidedly different varieties blooming over a long range of time.
- #2 - All White - Postpaid \$25.00 (East of Miss.)
1 peck each of 4 fine white varieties (named) suitable both for Naturalizing and cut flowers.

Note: We urge you to take advantage AT ONCE of these wonderful offers as these Naturalizing types are becoming quite scarce and they may never be made again.

Should you prefer to order in full bushel lots, these listed below are excellent for large plantings, commercial blooms as well as for Naturalizing. There are approximately 400 to 600 blooming sized bulbs per bushel - if you wish only 1/2 bu. divide price by 2, then add \$1.00.

- Actaea** - Late blooming white with small red-rimmed, gold cup. Postpaid \$22.00
- Aspasia** - Late, multi-clustered, fragrant white and yellow blooms. Postpaid \$20.00
- Burg. Gouverneur** - A late, large and deep yellow trumpet, a fine market flower. Postpaid \$20.00
- Carlton** - An early, large, all soft yellow. Postpaid \$22.00
- Cheerfulness** - Late, with several, small, yellow flecked white blooms. Postpaid \$19.00
- Dick Wellband** - Late and vivid with large flat red cup, white petals. Postpaid \$18.00
- Emperor** - A medium sized, latish yellow trumpet with yellow petals. Postpaid \$17.50
- Flower Carpet** - A fine golden trumpet, later than King Alfred. Postpaid \$20.00
- Fortune** - A bright and early market bloom with tall stem, yellow petals, orange cup. Postpaid \$22.00
- Fran. Drake** - A late and vivid flower with reflexed white petals, bright red cup. Postpaid \$18.00
- Harvester** - A soft yellow, this is the last of the large trumpets to bloom. Postpaid \$20.00
- King Alfred** - The best known market and cut flower, large and golden yellow. Postpaid \$22.00
- Music Hall** - A sizeable white and gold trumpet, later than King Alfred. Postpaid \$20.00
- Tinker** - Sun proof red cup with bright yellow petals, a very fine variety. Postpaid \$22.00
- Trumpet Major** - A small and very early Naturalizing favorite. Postpaid \$17.00

Mixed for Naturalizing - All colors..... Postpaid \$28.00
Mixed for Naturalizing - YELLOW only.. Postpaid \$25.00
Mixed for Naturalizing - WHITE only..... Postpaid \$30.00

Note: In regards to the above Naturalizing mixtures please do not confuse them with Any Others Offered. We discard around 50 varieties each year which go into these incomparable mixtures which contain literally hundreds of varieties whereas most commercial mixtures have at most from 8 to 10 different varieties.

Note - This is IMPORTANT - PLEASE add \$2.00 more per bushel for each zone West of the Miss., also, please when possible give 2nd and 3rd choices.

LABELS FOR DAFFODIL PLANTINGS

For many years we have been using what we consider the IDEAL label. The 3½ by 1 inch zinc name plate has four holes through which the two 12 inch aluminum legs are inserted. The name plate can never come loose, and if the names are written on with a weatherproof pencil, they will remain legible for at least two years. Another fine feature is that the legs being so long they are not easily moved by animals or careless feet cannot knock them over, they can be raised or lowered at will. Price per doz, Postpaid \$1.50; per 100, \$8.00.

BOOKS

Interest in the Miniatures has developed at an astounding rate in the past few years and I believe that everyone who shares this interest should have,

THE LITTLE BULBS - by Miss Elizabeth Lawrence, which is so charmingly written while being also full of most pertinent facts.

Postpaid \$4.00

GARDENS IN WINTER - Incidentally Miss Lawrence has recently had another delightful book published which does not primarily concern Daffodils but which I believe every ardent gardener would enjoy.

Postpaid \$4.50

THE ROMANCE OF DAFFODILS - by William Brumbach, is a fascinatingly written book by a student and lover of old and new varieties.

Postpaid \$2.25

DAFFODILS FOR AMATEURS - by M. Jefferson-Brown and published in England is a fine little handbook on the subject.

Postpaid \$1.50

Note: There are numerous other fine books concerning the Daffodil world that may be had more reasonably than we can offer them through the American Daffodil Society, this includes The Royal Horticultural Societies's Classified List and International Register Of Daffodil names. The Daffodil and Tulip Year Book as well as Judge Carey Quinn's Daffodils "Outdoors and In."

AMERICAN DAFFODIL SOCIETY

If you have a real interest in Daffodils and have not already done so - we urge you to join this very worthwhile organization. The Regional Meetings are stimulating, the correspondence and Bulletins, as well as the Year Book most educational and the Annual Conventions never to be forgotten! Send your check for only \$3.00 to Mrs. Grover Roennfeldt, 7426 Lynn Ave., University City, Missouri.

FERTILIZER

For several years now we have been using VIGORO BULB FERTILIZER on our Novelty type bulbs and can recommend it wholeheartedly. In our 40 years of growing bulbs this has proven to be the best we have tried and has helped produce the finest crop of bulbs we have ever produced. The long, cool, damp spring, ideal growing weather, could not alone have been responsible for this magnificent crop and much credit is due to this fertilizer, which may be obtained in a small box at a very reasonable price.

OTHER SPRING BULBS

(To compliment, contrast, precede or follow your Daffodil plantings)

Anemone Blanda Blue	{	\$5.00 per 100
Anemone Blanda Mixed		
Anemone DeCaen Mixed		
Anemone St. Brigid Mixed		

The Blanda are small and low growing, the St. Brigid are semi-double, DeCaen Single. The latter two are about 10 to 12 inches tall and very vivid.

Chinodoxa - Sardensis - \$5.00 per 100

A lovely gentian blue and beautiful with daffodils - late mid-season.

Crocus - \$4.00 per 100 - mixed

Iris Reticulata - vivid deep blue, very short stemmed and the first flower of spring. \$6.00 per 100

Iris Danfordiae - Early and low growing with bright canary yellow blooms. \$7.00 per 100

Muscari (Grape Hyacinths) Small deep blue spikes with tight blooms, very long lasting, marvellous for massed plantings with daffodils. \$5.00 per 100

Scilla Campanulata (Wood Hyacinths) Taller and a lovely lighter blue to contrast the daffodils. \$6.00 per 100

Note: 50 of any of the above may be had at 1/2 price, 25 for 1/4 price, however please remember we cannot accept orders for less than \$5.00.

Dutch Iris - Top sized bulbs - all are \$1.25 per dozen.

Imperatoe - blue

Wedgewood - blue
